

—TCS Ninja Mock National Qualifier Test | August 26 @ 10 AM

Thousands of students have already registered for the much-awaited [TCS Ninja Mock National Qualifier Test](#) which is to be held on August 26 at 10 AM.

With just 2 days left, this is to remind that still your students can get the chance of practicing the Simulated TCS Ninja test way more ahead of the actual test.

Why TCS Ninja Mock National Qualifier Test?

The main reason for conducting this mock test is due to the changes made in the TCS Ninja test pattern. Let us summarize the changes.

- 'MCQ/ Fill in the blanks' type questions to be included in English, Aptitude & Programming Logic sections. So **students must know the right answer to score in fill ups for which serious practice is a must.**
- Aptitude & programming logic parts have Standard and Advanced sections.
- Qualification to interview will depend on the performance in these **Standard & Advanced sections.**
- No email writing in English section instead verbal questions will be asked.
- No command Line Argument coding.

If students get familiar with these changes and make themselves prepared in advance, there is a greater chance of getting hired in TCS Ninja.

Students can register here <http://po.st/TCSMockNQT> & attend our mock test on August 26 at 10 AM.
